Intello has partnered with LG Canada to offer a managed IPTV service to hotels across Canada.

Leveraging LG's latest Pro:Centric solution, Intello adds the following features to your TVs**:

- Bilingual personalized welcome screen (TV portal)
- EPG (electronic program guide) & channel mapping
- Canadian TV channel icons
- Canadian Weather
- Your hotel information
- LG SmartApps including a web browser
- Hotel promotional video
- Ticker

Our solutions include Pro:Centric management, technical support & Pro:Centric firmware upgrades. With the ability to support fully IP networks, coax-only* and coax-WiFi hybrid* environments, our solution covers all the bases.

Intello's LG:Procentric service is affordable. With a small upfront setup fee and monthly fees packages starting at \$220 per month regardless of your room count, our managed LG Pro:Centric service is one of the most affordable IPTV solutions in Canada! Use your own Pro:Centric server or ask us to provide one for you.

* Certain conditions apply. ** Solution requires compatible LG TVs or set top boxes.
